

## Schedule H—Wholesale Risk

### **H.1 - Corporate Loan Data Schedule**

The Corporate Loan Data Schedule collects loan level detail on corporate loans and leases. The data collection has two sections: (1) Loan and Obligor Description section (Fields 1 through 51, and Fields 83 through 108), which collects information related to the obligor and the loan itself; and (2) Obligor Financial Data section (Fields 52 through 82), which collects data related to the financial health of the obligor or the entity that is the primary source of repayment for the loan. Both sections are completed at a loan level detail.

#### **A. Loan Population**

The loan population includes corporate loans and leases that are held for investment (HFI) (as defined in the FR Y-9C, Schedule HC-C General Instructions) and held for sale (HFS) as of the report date. Include HFI and HFS loans that the holding company has elected to report at fair value under the fair value option. Exclude all loans and leases classified as trading (reportable on the FR Y-9C, Schedule HC, item 5). Also exclude Paycheck Protection Program (PPP) loans from this schedule.

Include all corporate loans that are at the consolidated BHC, IHC and SLHC level and not just those of the banking subsidiaries, as well as any unused commitments that are reported on Schedule HC-L that would be reported in the relevant FR Y-9C category (as outlined below) if such loans were drawn (including all undrawn commitments extended to non-consolidated variable interest entities and commitments to commit as defined in the FR Y-9C). Exclude ~~advised or guidance lines (i.e., an authorization for a line of credit that is unknown to the customer) informal “advised lines” (i.e., a revocable commitment by the bank to lend funds for up to a specified period of time, usually one year, sometimes referred to as a guidance line)~~ from commitments.

Report potential exposures from the syndicated loan pipeline including exposures where the BHC or IHC or SLHC has signed a commitment letter and has extended terms to the borrower, even if the borrower has not countersigned the commitment letter (i.e. single signed commitment). Commitments are to be reported regardless of whether they contain “material adverse change” clauses or other provisions that are intended to relieve the BHC or IHC or SLHC of its funding obligations under certain conditions.

In addition to corporate loans and leases that are currently active as of the reporting date, the loan population should also include corporate loans and leases that were disposed of during the reporting period. For purposes of this schedule, refer to Field 98 (Disposition Flag) for specific instructions on instances of disposed corporate loans and leases.

The loan population is limited to corporate loans and leases with a committed balance greater than or equal to \$1 million. Although corporate loans and leases with a committed balance under \$1 million are not reported on the FR Y-14Q Corporate Loans Schedule, the sum of the outstanding balance of these loans would be included in the relevant fields on the FR Y-14Q Supplemental Schedule and the FR Y-14A Summary Schedule pursuant to the instructions for those schedules.

In general, use loan classifications on the FR Y-9C, Schedule HC-C as a guide in determining the population of corporate loans and leases. Refer to the FR Y-9C, Schedule HC-C instructions for specific guidance on loan classifications. In determining loan classifications on the FR Y-14Q Corporate Loan Data Schedule, look to the security, borrower, or purpose of the loan. Below is a list of FR Y-9C, Schedule HC-C categories that are considered corporate loans:

- 1) Loans to U.S. banks and other U.S. depository institutions (FR Y-9C, Schedule HC-C, item 2.a);

- 2) Loans to foreign banks (FR Y-9C, Schedule HC-C, item 2.b);
- 3) Loans to finance agricultural production and other loans to farmers (FR Y-9C, Schedule HC-C, item 3);
- 4) Commercial and industrial loans to U.S. addresses (FR Y-9C, Schedule HC-C, item 4.a);
- 5) Commercial and industrial loans to non-U.S. addresses (FR Y-9C, Schedule HC-C, item 4.b);
- 6) Loans to foreign governments and official institutions (including foreign central banks) (FR Y-9C, Schedule HC-C, item 7);
- 7) Loans to non-depository financial institutions (FR Y-9C, Schedule HC-C, item 9.a);
- 8) All other loans, excluding consumer loans (FR Y-9C, Schedule HC-C, item 9.b(2));
- 9) All other leases, excluding consumer leases (FR Y-9C, Schedule HC-C, item 10.b);
- 10) Loans secured by owner-occupied nonfarm nonresidential properties originated in domestic offices (FR Y-9C, Schedule HC-C, item 1.e(1)); and
- 11) Loans secured by owner-occupied nonfarm nonresidential properties originated in non-domestic offices (reported within FR Y-9C, Schedule HC-C, item 1).

Report loans secured by owner-occupied nonfarm nonresidential properties on the FR Y-14Q Corporate Loans Schedule, even if they are cross-collateralized with a loan reported on the FR Y-14Q Commercial Real Estate Schedule. Loans secured by owner-occupied nonfarm nonresidential properties are those nonfarm nonresidential property loans for which the primary source of repayment is the cash from the ongoing operations and activities conducted by the party, or an affiliate of the party, who owns the property. Thus, for loans secured by owner-occupied nonfarm nonresidential properties, the primary source of repayment is not derived from third party, nonaffiliated, rental income associated with the property (i.e., any such rental income is less than fifty percent (50%) of the source of repayment) or the proceeds of the sale, refinancing, or permanent financing of the property. Consequently, such loans are considered corporate loans rather than commercial real estate loans.

Exclude small business loans from the loan population as they are reportable on the FR Y-14Q US Small Business Schedule and the International Small Business Schedule. The main differentiating factor between corporate loans and small business loans is how the consolidated holding company evaluates the creditworthiness of the borrower. For corporate lending, banks look at the commercial operations process (commercial grading or internal risk rating) to assess credit risk. Therefore, corporate loans are loans that are “graded” or “rated” using the consolidated holding company’s commercial credit rating system, as it is defined in the consolidated holding company’s normal course of business. Meanwhile, for small business lending, banks look at the credit score of the borrower (scored rating) and/or use delinquency management. Therefore, small business loans are loans that are “scored” or “delinquency managed” for which a commercial internal risk rating is not used or that uses a different scale than other corporate loans.

Report non-purpose loans reportable in the relevant FR Y-9C, Schedule HC-C categories outlined above and in Field 26 ‘Line Reported on FR Y-9C’ regardless of whether those loans are “graded.” For purposes of this schedule, non-purpose loans are loans collateralized by securities made for any purpose other than purchasing or carrying securities.

Exclude unplanned overdrafts (as defined in the FR Y-9C, Schedule HC-C, item 9).

Exclude domestic and international business and corporate credit card or charge card loans included in the FR Y-14Q/M, Credit Card Data Collections (see the FR Y-14M, Credit Card Data Collection Data Dictionary for the definition of business and corporate credit card or charge card loans). For example, if there is any individual liability associated with the sub-lines such that individual borrower characteristics are taken into account during the underwriting decision, and/or performance on the credit is reported to the credit bureaus, the loan should be reported on the FR Y-14Q/M Credit Card Data Collections. Alternatively, loans with a committed balance greater than \$1 million for which a commercially-graded

corporation is ultimately responsible for repayment of credit losses incurred should be reported in the FR Y-14Q Corporate Loan schedule.

The population of loans should be reported at the credit facility level. For purposes of this collection, a credit facility is defined as a credit extension to a legal entity under a specific credit agreement. A credit facility may be secured or unsecured, term or revolving, drawn or undrawn (excluding informal advised lines). The credit facility may also allow for multiple extensions of credit (or draws) with unique borrowing terms such as interest rate or repayment date; however, ultimately the aggregation of such extensions of credit are governed under one common credit agreement. Descriptions of typical credit facility types are outlined in Field 20. The \$1 million dollar reporting threshold applies to any set of commitments where the sum of those commitments, governed under one common credit agreement, is greater than or equal to \$1 million. These criteria are the same for all extensions of credit and all types of standby letters of credit. Corporate borrowers may also have multiple facilities from the same bank. Each facility should be reported separately, but multiple draws within a facility should be consolidated at the facility level. If a borrower has more than one legally separate credit facility each with a committed amount of less than \$1 million, those facilities would be excluded from the Corporate Loans Data collection even if they are cross defaulted and/or cross collateralized.

Credit facilities containing loans which fall under one or more of the FR Y-9C line items outlined above should be reported on the FR Y-14Q Corporate Loan Data schedule at the credit facility level. For credit facilities also containing loans reported on FR Y-9C line items not outlined above, the underlying loans should be aggregated and reported on the respective FR Y-14Q schedules based on the relevant schedule instructions. For example, consider a credit facility which has the following underlying loan commitments:

Loan 1: \$2 million committed balance reported on FR Y-9C, Schedule HC-C, item 4.a

Loan 2: \$1 million committed balance reported on FR Y-9C, Schedule HC-C, item 4.b

Loan 3: \$500,000 committed balance reported on FR Y-9C, Schedule HC-C, item 1.e(1)

Loan 4: \$ 500,000 committed balance reported on FR Y-9C, Schedule HC-C, item 1.d

The BHC or IHC or SLHC should aggregate loans 1, 2, and 3 and report one facility with a \$3.5 million committed balance on the FR Y-14Q Corporate Loan schedule and one facility with a \$500,000 committed balance on the FR Y-14Q Commercial Real Estate schedule. **Note that all loans within the facility are reported, including those under the credit facility threshold.** In the above example, the \$500,000 committed balance is reported on the FR Y-14Q CRE schedule because of the overall facility commitment is greater than \$1 million.

## **B. Reporting Specifications**

Report all loan and lease financing receivables consistent with the FR Y-9C instructions. Report the amortized cost for HFI loans and the lower of cost or fair value for HFS loans. Report at fair value all HFS and HFI loans that the firm has elected to report under a fair value option.

Once a credit facility is closed and settled (Option '4' in Field 100), all dollar amounts in the Loan and Obligor Description section should represent only the consolidated holding company's pro-rata portion of any syndicated or participated loan.

The loan population also includes credit facilities which include a fronting exposure. Fronting exposures are those that represent a BHC's or IHC's or SLHC's exposure to fund certain obligations (e.g., swingline or letters of credit) on behalf of other participant lenders. For such exposures, BHCs,

IHCs, and SLHCs should indicate Option 18 in Field 20 'Credit Facility Type' and report their pro-rata portion of the stated commitment amount as one facility to the borrower and the fronting obligations as separate credit facilities to each of the lending group participants. For example, consider a facility with \$400 million committed balance where the BHC or IHC or SLHC is the agent bank and the BHC's or IHC's or SLHC's pro-rata share of the commitment is 10% or \$40 million. Assume further that the credit facility contains a \$50 million sublimit that the BHC or IHC or SLHC, as agent, has an obligation to advance on behalf of lending group participants which may include swinglines, letters of credit and other fronting obligations. In this example, the agent BHC or IHC or SLHC would report a \$40 million pro-rata commitment as one credit facility to the borrower and would report 90% of the \$50 million sublimit (or \$45 million) as separate pro-rata credit facilities to the lending group participants.

All amounts should be reported in US dollars.

### **C. Obligor Financial Data Section Instructions**

- (1) Fields 52 through 82 (Obligor Financial Data section), must be reported for all corporate loans and leases as of the report date, excluding loans with
  - (i) An obligor domiciled (as defined in the FR Y-9C Glossary entry for "domicile") outside of the US (Field 6);
  - (ii) An obligor with a NAICS code beginning with 52 (Finance and Insurance), or 5312 (Real Estate Agents and Brokers), or 551111 (Offices of Bank or Intermediate Holding Companies);  
An obligor that is a nonprofit organization or federal, state, or local government or related agencies; or
  - ~~(iii)~~ (iii) An obligor that is a Natural Person (including individuals doing business as (DBA) another entity where the primary source of repayment analyzed is the personal credit of the natural person behind the DBA).

For loans that meet the exclusions above, Fields 52 through 82 should be left blank. The exclusions outlined above for the Obligor Financial Data section are at the obligor or primary source of repayment entity level.

The Obligor Financial Data Section relates to the legal entity that provides the primary source of repayment for the credit facility identified in Field 15. If the legal entity used by underwriting as the primary source of repayment is different from the legal entity actually making the payment, report the Obligor Financial Data Section for the entity used by underwriting. Note, the legal entity that provides the primary source of repayment will generally be different from the guarantor, which provides secondary support for repayment. Information related to the guarantor should be reported in Fields 44 through 48 of the Loan and Obligor Description section.

If this legal entity that provides the primary source of repayment is the same as the Obligor identified in Field 2, the Obligor Financial Data Section should reflect financial information of that Obligor and Fields 49 through 51, Field 95, and Field 110 should be left blank. However, if the primary source of repayment is provided by an entity that is different than the Obligor identified in Field 2, the entity should be identified in Fields 49-51, Field 95, and Field 110 and the Obligor Financial Data section should reflect the financial information for this entity. All other Obligor Fields reported in the Loan and Obligor Description section should continue to reflect the Obligor identified in Field 2.

For a credit facility for which there is no clear predominant borrower that serves as the primary

source of repayment, the Obligor Financial Data Section should reflect the financial information of the entity that best represents the credit repayment capacity for the credit facility. For loans secured by owner occupied real estate for which the primary source of repayment is an operating company that occupies the real estate and is an affiliate of the property company which owns the property, the Obligor Financial Data Section should reflect the financial information of the operating company.

Data in Fields 54 through 82 should be reported or calculated in accordance with GAAP standards. Note descriptions in the Obligor Financial Data Section provide guidance on what should be reported in each field based on commonly-used definitions; unless otherwise instructed, a reporting bank should report the Fields as defined by its financial spreading systems (i.e., software programs on which the BHC or IHC or SLHC spreads and analyzes the financial statements of its customers) in accordance with its credit policy. The financial statement data fields should be populated with the most recent financial statement data available as of the report date (i.e. the most recent financial data found in the consolidated holding company's financial spreading system as of the report date) and should not be bound by financial statement data that was used in the consolidated holding company's most recent formal rating review.

Fields 54, 56, 57, 58, 59, and 82 should be reported for the most recently available trailing twelve month (TTM) period, with the ending date indicated in Field 52. If an obligor lacks trailing twelve months of financial information sufficient for Fields 54, 56, 57, 58, 59, and 82, provide the underwritten annual information for Fields 54, 56, 57, 58, 59 and 82, with the ending date indicated in Field 52. Fields 55 and 60 should be reported for the TTM period ended one year prior to the date indicated in Field 52. If an obligor lacks trailing twelve months of financial information sufficient for Fields 55 and 60, provide the underwritten annual information for Fields 55 and 60, with the ending date one year prior to the date indicated in Field 52.

#### **Data Format**

Data should be provided in a single extensible markup language file (.xml). No quotation marks should be used as text identifiers. Do not provide a header row or a row count. This file will contain one record per active loan in the contributor's inventory.

For fields that the schedule specifies as a date, but the XSD specifies as a datetime, provide T00:00:00 as the time.

#### **D. Corporate Loan Data Fields**

The table on the following pages shows the fields that should be contained in the submission file. Report all fields with data as of the report date. For corporate loans and leases disposed of during the reporting period, report all fields as of the date of disposition, unless otherwise instructed in individual field descriptions.

Field No.	Field Name; (Technical Field Name)	MDRM	Description	Allowable Values
1	Customer ID (CustomerID)	CLCOM047	Report the unique internal identifier for the customer relationship under which the obligor's exposure is aggregated in the reporting entity's credit systems. Customer ID is a relationship concept under which multiple borrowers are aggregated because they have related risks, including, but not limited to parent/subsidiary relationships. For stand-alone or ultimate parent obligors, the Customer ID may be the same as the unique internal identifier for the obligor provided in Field 2.	Must not contain a carriage return, line feed, comma or any unprintable character.
2	Internal ID (InternalObligorID)	CLCOM300	Report the reporting entity's unique internal identifier for the obligor. Internal ID is a borrower concept that identifies the entity under which multiple loans are aggregated.	Must not contain a carriage return, line feed, comma or any unprintable character.
3	Original Internal ID (OriginalInternalObligorID)	CLCOG064	Report the internal identification code assigned to the obligor in the previous submission. If there is no change from the prior submission, or if this is the first submission, the Internal ID reported in Field 2 should be used as the Original Internal ID.	Must not contain a carriage return, line feed, comma or any unprintable character.
4	Obligor Name (ObligorName)	CLCO9017	Report the obligor name on the credit facility.  Full legal corporate name is desirable. If the borrowing entity is an individual(s) (Natural Person(s)), do not report the name; instead substitute with the text: "Individual."  For fronting exposures, report legal name of the participant lender.	Must not contain a carriage return, line feed, comma or any unprintable character.
5	City (City)	CLCO9130	Report the name of the city in which the obligor is domiciled (as defined in the FR Y-9C Glossary entry for "domicile").	Free text indicating the City where the Obligor is domiciled.

Field No.	Field Name; ( <i>Technical Field Name</i> )	MDRM	Description	Allowable Values
6	Country ( <i>Country</i> )	CLC09031	Report the domicile of the obligor (as defined in the FR Y-9C Glossary entry for “domicile”).	Use the 2 letter Country Code <sup>22</sup>
7	Zip Code ( <i>ZipCodeForeign MailingCode</i> )	CLC09220	Report the five-digit zip code for locations within the 50 US states, Washington DC, Puerto Rico, the US Virgin Islands, Guam, Palau, Micronesia, the Northern Marianas, or the Marshall Islands. For all other locations report the foreign mailing code for the domicile of the obligor (as defined in the FR Y-9C Glossary entry for “domicile”).	For locations within the 50 US states, Washington DC, Puerto Rico, the US Virgin Islands, Guam, Palau, Micronesia, the Northern Marianas, or the Marshall Islands: five-digit ZIP code. If the ZIP code begins with zeroes, leading zeroes must be specified with no punctuation. For International: use country specific postal code.

Field No.	Field Name; (Technical Field Name)	MDRM	Description	Allowable Values
8	Industry Code (IndustryCode)	CLCO4537	<p>Report the numeric code that describes the primary business activity of the obligor according to the North American Industry Classification System (NAICS). If the NAICS code is not available, provide either the Standard Industrial Classification (SIC), or Global Industry Classification Standard (GICS).</p> <p>If the obligor is an individual, the industry code should be consistent with the industry in which the commercial purpose of the loan operates.</p> <p>If the business or individual operates in multiple industries, the BHC or IHC or SLHC should report the industry that best represents the commercial risk of the loan (i.e., the predominant industry).</p>	Report 4 to 6 digit number. If this code is not available, then provide a SIC or GICS industry code.
9	Industry Code Type (IndustryCodeType)	CLCOM297	Select the type of industry code identification scheme used in Field 8.	1. NAICS 2. SIC 3. GICS
10	Obligor Internal Risk Rating (InternalRating)	CLCOG080	<p>Report the obligor rating grade from the reporting entity's internal risk rating system. For fronting exposures, report the participant lender's rating grade from the reporting entity's internal risk rating system.</p> <p>This is the reporting entity's probability of default (PD) rating. If the reporting entity uses a one-dimensional risk rating system, record that rating here.</p>	<p>Free text indicating the obligor rating grade.</p> <p>Obligor Internal Risk Rating must be consistent with Schedule H.4 (Internal Risk Rating Schedule), Field 1.</p>

Field No.	Field Name; (Technical Field Name)	MDRM	Description	Allowable Values
11	TIN ( <i>TIN</i> )	CLC06191	Report the Taxpayer Identification Number (TIN) assigned to the obligor by the U.S. Internal Revenue Service (IRS) in the administration of tax laws. If the borrowing entity is an individual(s) (Natural Person(s)), do not report Social Security Number; instead enter 'NA'. If, the borrowing entity does not have a TIN, enter 'NA'.	The 9 digit <u>identification</u> assigned by the Internal Revenue Service for the obligor identified in field 2.  Allowable forms are either ##-#####_##### or 'NA'.
12	Stock Exchange ( <i>StockExchange</i> )	CLC04534	Report the name of the Stock Exchange on which the primary stock of the obligor, or its parent, trades. If the borrowing entity is not publicly traded, enter 'NA'. In cases where the subsidiary is the obligor and the subsidiary is publicly traded, report the Stock Exchange and Ticker Symbol (field #13) of the subsidiary, regardless of ownership structure. If the subsidiary is not publicly traded, but its parent is, report the stock exchange and ticker symbol of the parent. Report in the same manner when the subsidiary is minority owned.	Free text
13	Ticker Symbol ( <i>TKR</i> )	CLC04539	Report the Stock Symbol for stocks listed and traded on the regulated exchange provided in Field 12. For subsidiaries of public companies, use parent ticker symbol from its primary Stock Exchange. If the borrowing entity is not publicly traded, enter 'NA'. In cases where the subsidiary is the obligor and the subsidiary is publicly traded, report the Stock Exchange (field #12) and Ticker Symbol of the subsidiary, regardless of ownership structure. If the subsidiary is not publicly traded, but its parent is, report the stock exchange and ticker symbol of the parent. Report in the same manner when the subsidiary is minority owned.	Free text

Field No.	Field Name; (Technical Field Name)	MDRM	Description	Allowable Values
14	CUSIP (CUSIP)	CLC09161	<p>Report the CUSIP of the obligor, if available. CUSIPs are identifiers created and delivered by the CSB (CUSIP Service Bureau). The CSB is managed on behalf of the American Bankers Association by Standard &amp; Poor's. Issuer codes are assigned alphabetically from a series that includes deliberate built-in "gaps" for future expansion.</p> <p>Report the first six characters which are known as the base (or CUSIP-6) and uniquely identify the issuer. If a CUSIP does not apply, enter 'NA'.</p>	Must be valid 6 digit CUSIP number issued by the CUSIP Service Bureau.
15	Internal Credit Facility ID (InternalCreditFacilityID)	CLCOM142	<p>Report the reporting entity's unique internal identifier for this credit facility record. It must identify the credit facility for its entire life and must be unique.</p> <p>In the event the internal facility ID changes (i.e., loan was converted to a new system through migration or acquisition), also provide Original Internal credit facility ID in Field 16.</p> <p>For fronting exposures, report the unique internal identifier assigned to the participant lender's fronting allocation.</p>	<p>Must be unique within a submission and over time. That is, the same submission file must not have two facilities with the same Credit Facility ID.</p> <p>May not contain a carriage return, line feed, comma or any unprintable character.</p>

Field No.	Field Name; (Technical Field Name)	MDRM	Description	Allowable Values
16	Original Internal Credit Facility ID <i>(OriginalInternalCreditFacilityID)</i>	CLCOM296	<p>Report the Internal identification code assigned to the credit facility record in the previous submission. If the credit facility represents the fulfillment of a commitment to commit or a syndicated pipeline loan reported in the previous submission, report the credit facility ID used for that formerly reported exposure. If there is no change from the prior submission, or if this is the first submission, then the Internal credit facility ID reported in Field 15 should be used as the Original Internal credit facility ID.</p> <p>For disposed credit facilities, where the reason for the disposal is rebookings/restructures where loan amounts are transferred or combined between obligations, report the ID separated by a , (comma).</p>	<p>May not contain a carriage return, line feed, or any unprintable character.</p> <p>Provide the ID separated by a , (comma). For example, if facilities 123 and XYZ are aggregated into facility ABC then the "Unique ID" (H.1 Internal Credit Facility ID Field 15, H.2 Loan Number Field 1) is reported as ABC and the "Original ID" (H.1 Original Internal Credit Facility ID Field 16, H.2 Original/Previous Loan Number Field 35) is reported as 123, XYZ.</p>

Field No.	Field Name; (Technical Field Name)	MDRM	Description	Allowable Values
18	Origination Date ( <i>OriginationDate</i> )	CLC09912	<p>Report the origination date. The origination date is the contractual date of the credit agreement. (In most cases, this is the date the commitment to lend becomes a legally binding commitment). If there has been a major modification to the loan such that the obligor executes a new or amended and restated credit agreement, use the revised contractual date of the credit agreement as the origination date. The following independent examples would generally not result in a change in the contractual date of the loan, and thus would not be considered major modifications: (1) extension options at the sole discretion of the borrower; (2) covenants; (3) waivers; (4) change in the maturity date; (5) re-pricing; or (6) periodic credit reviews. Additionally, exclude all renewals which meet the definition in the 'Renewal Date' Field 91.</p> <p>For corporate loans and leases in the syndicated pipeline, report the date on which the BHC or IHC or SLHC has extended terms to the borrower in the signed commitment letter (option 1 in field 100). Once the deal is reported as closed and settled (option 4 in Field 100), report the updated origination date per the definition above.</p> <p>For commitments to commit which are not syndicated, report the date on which the BHC or IHC or SLHC extended terms to the borrower.</p>	<p>Must be in yyyy- mm-dd format, e.g.: 2005-02-01 1999-12-14</p> <p>Must be before or equal to the period end date of the data.</p>

Field No.	Field Name; (Technical Field Name)	MDRM	Description	Allowable Values
19	Maturity Date (MaturityDate)	CLC09914	<p>Report the maturity date. The maturity date is the last date upon which the funds must be repaid, inclusive of extension options that are solely at the borrower's discretion, and according to the most recent terms of the credit agreement. If extension options are conditional on certain terms being met, such extensions should be considered to be at the sole discretion of the borrower. For demand loan, enter '9999-01-01'. For corporate loans in the syndicated pipeline, until the syndicated loan is reported as closed and settled (option4 in Field 100), report the estimated maturity date based on the tenor stated in the commitment letter.</p> <p>For commitments to commit which are not syndicated, report the estimated maturity date based on the tenor in the terms extended to the borrower.</p>	<p>Must be in yyyy- mm-dd format, e.g.:</p> <p>2005-02-01</p> <p>1999-12-14</p>

## **H.2 – Commercial Real Estate Schedule**

### **A. Loan Population**

The loan population includes Commercial real estate (CRE) loans and leases that are held for investment (HFI) (as defined in the FR Y-9C, Schedule HC-C General Instructions) and held for sale (HFS) as of the report date (e.g. quarter end). Include HFI and HFS loans that the holding company has elected to report at fair value under the fair value option. Exclude all loans and leases classified as trading (reportable on the FR Y-9C, Schedule HC, item 5). Also exclude Paycheck Protection Program (PPP) loans from this schedule.

CRE loans and leases are defined as loan commitments or credit facilities to an obligor as defined in the credit agreement. Include all CRE loans and leases that are at the consolidated BHC, IHC and SLHC level and not just those of the banking subsidiaries, as well as any unused commitments that are reported in Schedule HC-L that would be reported in the relevant FR Y-9C category (as outlined below) if such loans were drawn (including all undrawn commitments extended to non-consolidated variable interest entities and commitments to commit as defined in the FR Y-9C).

In addition to CRE loans that are currently active as of the reporting date, the loan population should also include CRE loans that were disposed of during the reporting period. For purposes of this schedule, refer to Field 61 (Disposition Flag) for specific instructions on instances of disposed CRE loans to leases.

Include all CRE loans and leases with a committed balance greater than or equal to \$1 million. Although certain CRE loans and leases with a committed balance under \$1 million are not reported on the FR Y-14Q CRE schedule, the sum of the outstanding balance of these loans would be included in the relevant fields on the FR Y-14Q Supplemental Schedule and the FR Y-14A Summary Schedule pursuant to the applicable instructions of those schedules.

All CRE loans included in this schedule must be secured by real estate (as defined in the FR Y-9C Glossary entry for “loans secured by real estate”). Loans to finance CRE but not secured by CRE do not meet the definition of “loans secured by real estate” and should not be reported on the CRE Schedule. For example, a line of credit issued for the purpose of acquiring real estate that is not currently secured by real estate would not be considered secured by real estate for purposes of this Schedule. In this case, the commitment is an unsecured corporate loan until the balance is actually lent out and secured by CRE property. At that point, the commitment becomes a CRE loan for purposes of this Schedule.

In general, use loan classifications on the FR Y-9C, Schedule HC-C as a guide to determining the population of CRE loans and leases. Refer to the FR Y-9C, Schedule HC-C instructions for specific guidance on loan classifications. In determining loan classifications, look to the security, borrower, or purpose of the loan. Below is a list of FR Y-9C, Schedule HC-C categories of loans secured by real estate that are considered CRE loans and leases:

- i. 1-4 family residential construction loans originated in domestic offices (FR Y-9C, Schedule HC-C, item 1.a(1)) and in non-domestic offices (reported within FR Y-9C, Schedule HC-C, item 1);
- ii. Other construction loans and all land development and other land loans originated in domestic offices (FR Y-9C, Schedule HC-C, item 1.a(2)) and in non-domestic offices (reported within FR Y-9C, Schedule HC-C, item 1);
- iii. Loans secured by multifamily (5 or more) residential properties originated in domestic offices (FR Y-9C, Schedule HC-C, item 1.d) and in non-domestic offices (reported within FR Y-9C, Schedule HC-C, item 1);
- iv. Loans secured by other nonfarm nonresidential properties originated in domestic offices (FR Y-9C, Schedule HC-C, item 1.e(2)) and in non-domestic offices (reported within FR Y-9C, Schedule HC-C, item 1);

Loans secured by owner-occupied nonfarm nonresidential properties should be reported on the FR Y-14Q Corporate Loans Schedule. Loans secured by owner-occupied nonfarm nonresidential properties are those nonfarm nonresidential property loans for which the primary source of repayment is the cash from the ongoing operations and activities conducted by the party, or an affiliate of the party, who owns the property. Thus, for loans secured by owner-occupied nonfarm nonresidential properties, the primary source of repayment is not derived from third party, nonaffiliated, rental income associated with the property (i.e., any such rental income is less than fifty percent (50%) of the source of repayment) or the proceeds of the sale, refinancing, or permanent financing of the property. Consequently, such loans are considered corporate loans rather than CRE loans.

The population of loans should be reported at the credit facility level. For purposes of the CRE Schedule, a credit facility is defined as a credit extension to a legal entity under a specific credit agreement. The credit facility may allow for multiple extensions of credit (or draws) with unique borrowing terms such as interest rate or repayment date; however, ultimately, the aggregation of such extensions of credit are governed under one common credit agreement. The \$1 million dollar reportability threshold applies to any set of commitments where the sum of those commitments, governed under one common credit agreement, is greater than or equal to \$1 million. These criteria are the same for all extensions of credit. Borrowers may have multiple facilities from the same bank. Each facility should be reported separately, but multiple draws within a facility should be consolidated at the facility level.

Credit facilities containing loans which fall under one or more of the FR Y-9C line items outlined above should be reported on the FR Y-14Q CRE schedule at the credit facility level. For credit facilities also containing loans reported on FR Y-9C line items not outlined above, the underlying loans should be aggregated and reported on the respective FR Y-14Q schedules based on the relevant schedule instructions. For example, consider a credit facility which has the following loans:

Loan 1: \$2 million committed balance reported on FR Y-9C, Schedule HC-C, item 4.a

Loan 2: \$1 million committed balance reported on FR Y-9C, Schedule HC-C, item 4.b

Loan 3: \$500,000 committed balance reported on FR Y-9C, Schedule HC-C, item 1.e(1)

Loan 4: \$500,000 committed balance reported on FR Y-9C, Schedule HC-C, item 1.d

The BHC, IHC and SLHC should aggregate loans 1, 2, and 3 and report one facility with a \$3.5 million committed balance on the FR Y-14Q Corporate Loan schedule and one facility with a \$500,000 committed balance on the FR Y-14Q Commercial Real Estate schedule. **Note that all loans within the facility are reported, including those under the credit facility threshold.** In the above example, the \$500,000 committed balance is reported on the FR Y-14Q CRE schedule because of the overall facility commitment is greater than \$1 million.

## **B. Instructions for Cross Collateralized Loans**

As discussed above, the entire Schedule should be completed for CRE loans with a committed balance greater than or equal to \$1 million. However, CRE loans with balances less than \$1 million are subject to a limited data collection if they are cross collateralized with a CRE loan with a committed balance greater than or equal to \$1 million. For purposes of this schedule, cross-collateralized loans are those in which the collateral securing one loan is also used as collateral for other loans, even if that loan has less than \$1 million committed balance. Cross collateralized loans that are not CRE loans should be excluded (i.e. home loan). A single loan secured by multiple properties is not considered to be cross-collateralized for purposes of this schedule. Lien position does not impact determinations of whether loans are cross-collateralized.

Under this limited data collection, report the following fields for cross collateralized CRE loans with

balances less than \$1 million:

- i. Field 1, Loan Number;
- ii. Field 3, Outstanding Balance;
- iii. Field 5, Committed Exposure Global;
- iv. Field 44, Cross Collateralized Loan Numbers

Reporting of all other fields for cross collateralized loans with balances less than \$1 million is optional.

### **C. Reporting Specifications**

Report all loan and lease financing receivables consistent with the FR Y-9C instructions. Report the amortized cost for HFI loans and the lower of cost or fair value for HFS loans. Report at fair value all HFS and HFI loans that the firm has elected to report under a fair value option.

For acquired loans (see Field 36), report data retrievable from loan accounting systems of record reported on a prospective basis.

All dollar amounts should represent only the consolidated holding company's pro-rata portion of portion of any syndicated or participated loan.

All amounts should be reported in U.S. dollars.

### **D. Data Format**

Data should be provided in a single extensible markup language file (.xml). No quotation mark should be used as text identifiers. Do not use header or a row count. This file will contain one record per active loan in the contributor's inventory. For fields that the schedule specifies as a date, but the XSD specifies as a datetime, provide T00:00:00 as the time.

### **E. Commercial Real Estate Data Fields**

The table on the following pages shows the fields that should be contained in the submission file. Report all fields with data as of the report date.

For disposed CRE loans, report all Fields as of the date of disposition, unless otherwise instructed in individual Field descriptions.

Field No.	Field Name; (Technical Field Name)	MDRM (CRED)	Description	Allowable Values	Mandatory/Optional
1	Loan Number ( <i>LoanNumber</i> )	G063	Report the reporting - entity's unique internal identifier for this credit facility record as of the most recent filing date. It must identify the credit facility for its entire life and must be unique.  In the event the Loan Number changes (i.e., loan was converted to a new system through migration or acquisition), also provide Original/Previous Loan Number in Field 35.	Must be unique within a submission and over time. That is, the same submission file must not have two facilities with the same Loan Number.  May not contain a carriage return, line feed, comma or any unprintable character.	Mandatory
2	Obligor Name ( <i>ObligorName</i> )	9017	Report the obligor name on the loan. Full legal entity name is desirable, but the precise name is not necessary if it requires manual intervention to provide. If the borrowing entity is an individual (s) (Natural Person (s)), do not report the name; instead substitute with the text: "Individual"	Must not contain a vertical bar ( , ASCII 7C), carriage return, line feed, comma or any unprintable character.	Mandatory
3	Outstanding Balance <sup>28</sup> ( <i>OutstandingBalance</i> )	K448	Report all loan and lease financing receivables consistent with the FR Y-9C instructions. Report the amortized cost for HFI loans and the lower of cost or fair value for HFS loans. Report at fair value all HFS and HFI loans that the firm has elected to report under a fair value option .
